

The U.S. ranks among the lowest in sexual health statistics in the Western World when it comes to the transmission of Sexually Transmitted Diseases (STDs)

20 Million / Year **54,795** / Day **38** / Min.

The amount of new cases of STDs occurring in the U.S.

Comparative rates of STDs to other major diseases

1.6 Million / Year **4,563** / Day **3** / Min.

The amount of people diagnosed with cancer in the U.S.

34,080 / Year **93.37** / Day **.06** / Min.

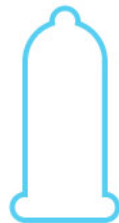

The amount of deaths from heart disease in the U.S.

Yet, only **1 in 3** sex acts among singles include a condom

CONDOMS are the **ONLY** method of contraception that protects against both STDs and unintended pregnancy
